

# AMINOPLUS

## NATURAL LIQUID FERTILIZER

AminoPlus is formulated from natural plant organic matter and contains a wide range of nutrients and natural plant growth stimulants

Benefits of AminoPlus include:

- Rapid and complete uptake of key nutrients
- Improved yields
- Enhanced cell division resulting in increased fruit size
- Improved root growth
- Improved stress tolerance

#### Application:

AminoPlus can be applied through spray or dripper systems or as a foliar spray. It should be diluted with water before application.

Dilute 1L AminoPlus with a minimum of 50L/ha of water.

**Soil:** 5-20L/ha

**Foliar:** 3-6L/ha

**Seed:** 5 litres/tonne

When mixing with other liquid fertilizers, test for compatibility with a small quantity in a jar.

#### Availability:

20L, 200L, 1000L containers.

#### Typical Analysis

%W/V

Amino acids and plant growth stimulants	10
Nitrogen	2.10
