SPRAYSEAL®

PRUNING WOUND TREATMENT

READ THE LABEL CAREFULLY BEFORE USING SPRAYSEAL

Active Constituent: 430g/L TEBUCONAZOLE

DIRECTIONS FOR USE:

CROP	DISEASE	RATE	CRITICAL COMMENTS
Grapevines	<i>Eutypa dieback</i> <i>Botryosphaeria dieback</i>	Mix 30mL of Sprayseal per 100 litres of water	Shake or stir container well before use. Spray grapevines to runoff. Apply only during the dormant winter period on fresh pruning wounds within six days of when the pruning cut is made. Only one spray per season is sufficient.

NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION WITHHOLDING PERIOD: NOT REQUIRED WHEN USED AS DIRECTED

GENERAL INSTRUCTIONS

GROUP 3 FUNGICIDE

Fungicide Resistance Warning

Sprayseal is a member of the DMI group of fungicides. For fungicide resistance management the product is a Group 3 fungicide. Some naturally occurring individual fungi resistant to the product and other Group 3 fungicides may exist through normal genetic variability in any fungal population. These resistant individuals can eventually dominate the fungal population if these fungicides are used repeatedly. These resistant fungi will not be controlled by this product and other Group 3 fungicides, thus resulting in a reduction in efficacy and possible yield loss. Since the occurrence of resistant fungi is difficult to detect prior to use, Omnia Specialities Australia Pty Ltd accepts no liability for any losses that result from failure of this product to control resistant fungi.

MIXING: Prior to pouring, shake container vigorously, then add the required quantity of Sprayseal to water in the spray vat while stirring or with agitators in motion.

RE-ENTRY PERIOD: DO NOT allow entry into treated areas until the spray has dried.

PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT

DO NOT contaminate ponds, waterways and drains with this product or used container.

STORAGE AND DISPOSAL

Store in the closed, original container in a cool, well-ventilated area. DO NOT store for prolonged periods in direct sunlight. Triple or preferably pressure rinse containers before disposal. Add rinsings to spray tank. DO NOT dispose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling, break, crush, or puncture and deliver empty packaging for appropriate disposal to an approved waste management facility. If an approved waste management facility is not available bury the empty packaging 500 mm below the surface in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots, in compliance with relevant Local, State or Territory government regulations. DO NOT burn empty containers or product.

Hazard Statements

Harmful if inhaled. Causes mild skin irritation. Suspected of causing cancer. Suspected of damaging fertility or the unborn child. If medical advice is needed, have product container or label at hand. Read label before use. Avoid breathing dust/fume/gas/mist/vapours/spray.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Store locked up.

SAFETY DIRECTIONS: Harmful if swallowed. Will irritate the eyes and skin. Avoid contact with eyes and skin. When opening the container, preparing the spray and using the prepared spray, wear cotton overalls buttoned to the neck and wrist and a washable hat and elbow-length PVC gloves. After use and before eating, drinking or smoking, wash hands, arms and face thoroughly with soap and water. After each day's use, wash gloves and contaminated clothing.

FIRST AID: If poisoning occurs contact a doctor or Poisons Information Centre. Phone 131126.

Safety Data Sheet: Additional information is listed in the Safety Data Sheet.

Liability

The use of Sprayseal being beyond the control of the suppliers, no warranty expressed or implied is given by Omnia Specialities Australia Pty Ltd regarding its suitability, fitness or efficiency for any purpose for which it is used by the buyer, whether in accordance with the directions or not. Omnia Specialities Australia Pty Ltd accepts no responsibility whatsoever resulting from the use of this product.
